OWNERSHIP & MANAGEMENT

MereOna Enterprise Holdings is fully owned and a brainchild of Mr Mere Humphrey Komane an indigenous South African citizen. He recognises the social and financial imbalances of our society and seek to apply capacity building and training initiatives to address these areas.

APPROACH

MereOna sees teamwork on every project as the key success ingredient and is responsible for creating this environment. We further believe in a hands-on approach on all our projects. This is why a Director of the firm will always be in control of the key functions on a project.

MereOna plans to be equipped with the latest technology and have the necessary staff and resources to ensure the best professional service is provided at all times. Our teams will be built by combining the strengths of the individual members and refining skills to meet and exceed the Client's expectations.

EXPERIENCE

MereOna has a combined professional experience of some 15 years among its Principals and Members. Mr Komane holds relevant embedded system design experience. He further joined the telecommunication world and worked as a Data Control engineer in circuit switched (CS) core networks, and then moved on to be a Senior Engineer Planner for CS and optimisation in core networks for MTN SA. He worked on several projects that gave an insight into how to acquire and exploit the technology and budgeting while doing projects in MTN SA.

Beyond his undergraduate qualifications at the University of North West (BSc Ed), and University of Pretoria (BEng Electronics), Postgraduate Diploma in Engineering in Satellite Telecommunication from University of Stellenbosch, Mr Komane obtained his Master's degree in Engineering Management (MEng) from the University of Pretoria.

MereOna as a new entity MereOna has no project experience but that acquired by its members only.
